

Save Homeless Veterans, Inc.

Welcome Prospective Partner:

We would like to introduce: Save Homeless Veterans, Inc. a Christian Faith-based, Non-Profit Organization, 501 (c)(3). Many Veterans whether from the Vietnam generation or the more recent wars in Iraq and Afghanistan are facing significant difficulties trying to cope within their civilian lives. Struggles such as homelessness, addiction, psychiatric instability, unemployment and suicide plague our retired soldiers at an alarming rate.

Save Homeless Veterans, Inc. recognizes a growing need to assist our Veterans who are struggling with these difficult situations by reaching out and offering the help they need and deserve. Save Homeless Veterans in conjunction with our many associates want to invite caring Americans to participate in making a monumental, life changing difference in the lives of our Veterans in need!

Currently, there are an estimated 2600 Veteran men and women in the Atlanta Metro area who are suffering because of homelessness along with the many problems that often coincide. Save Homeless Veterans, Inc. is working hard to locate these individuals and inform them about the comprehensive assistance we provide. It is our desire to show the gratitude and respect they deserve by offering the support that can help them begin a new, better chapter in their lives.

Through donations of time, money, goods and services from generous organizations and single individuals, Save Homeless Veterans, Inc. is able to provide food, clothing, education, addiction counseling, medical care, dental care, job placement and, most importantly, housing to our Veterans in need. It is our purpose to train and equip each soldier with new life skills and get them back on the road to living an enjoyable, productive life.

Join us in restoring honor, integrity, and dignity among our homeless veterans here in Georgia and across the country.

We are appreciative to all our partners and look forward to working together.

God Bless Our American Soldiers
